Other versions of the agenda

15 minutes

0-3: How are you? 3-8: Your top two priorities. 8-12: One thing that is stuck. 12-15: What we each do before next time.

For remote workers

0-5: How is the week, and how is the setup (tools, hours, quiet)? 5-15: Your priorities.
15-22: What do you need from the team? 22-27: Anything you miss, or want less of?
27-30: Actions.

For a hard week

0-5: Say how you are, not only how the work is. 5-15: What is too much, and what could wait? 15-25: What can I take off you or move? 25-30: What we agree, and when we talk again.

Before a review

0-10: Your own view of the period: two things that went well, one that did not. 10-20: My examples and where they differ from yours. 20-30: Goals and what you need for the next period.

After a project

0-10: What worked? 10-20: What would we change? 20-25: Who should hear about this? 25-30: What we take to the next project.

A note to send afterwards

Thanks for today. What we agreed: I will [MY ACTION] by [DATE]. You will [THEIR ACTION] by [DATE]. Next time we cover: [TOPIC]. Please tell me if I missed anything.
